

**UNION PACIFIC RAILROAD**  
**REPORT OF PERSONAL INJURY OR OCCUPATIONAL ILLNESS**

FORM 62032  
 Rev. 11/07

0612ES013

**RULE 1.2.5. UNION PACIFIC RAILROAD OPERATING RULES STATES:** All cases of personal injury, while on duty or on company property, must be immediately reported to the proper manager and the prescribed form completed. A personal injury that occurs while off duty that will in any way affect employee performance of duties must be reported to the proper manager as soon as possible. The injured employee must also complete the prescribed written form before returning to service. All cases of occupational illness must be immediately reported to the proper manager and the prescribed form completed. Because railroads are required by Federal regulations to report injuries and occupational illnesses that meet certain medical treatment criteria, employees must report to their manager any medical treatment they receive that was directly related to their injury or illness, including any follow-up visits. Below are examples of the types of medical treatments and instructions that employees must report to their manager if they were given in relation to an injury or occupational illness: Medical treatments provided or recommended; Physical therapy or chiropractic treatments; Prescriptions and other medications issued or recommended, including dosages; Lost time instructions; Work restriction instructions.

**INSTRUCTIONS:** Answer all questions in each applicable section in your own handwriting as soon as possible after an accident/incident occurs if injured, either on or off duty or if you are reporting a work-related illness. (If unable to complete the report, necessary information must be furnished by the person doing so in the employee's behalf.)
